Dear Mamdouh,

My position is that we should not have stopped to have our daily security conf call.

I deeply think it should be reinstated asap especially with the current situation, even if we have to pay for that.

I recommend Talin gets in touch rapidly with Paris to have a permanent solution and that in the meantime you check with

Jean-Claude if the phone number given by him can be used on a daily basis, at least for a short while.

Please do not also forget to circulate daily the People on Board dashboard during this troubled period

Dear Hassan,  
thank you for this report. I need it to follow as well as possible the situation.  
As we don't have anymore daily conf call I would suggest to have one per week, on Thursday for example.  
Let me know if you agree with that.  
best regards, take care of yourself.
