Urgent

Dear Mr. Frederic

I have received the below email from Ahmad Jamal and As I have mentioned previously this supplier is supplying Fuel and Pozalana to the plant . Usually all the agreement and negotiation used to took place by with him via Mr. Bruno then I took the instruction from him and create the PO with his approval

2- Now we have many pending issues that needs an instruction from your side to be solved .Previously I took the risk to communicate with this person and am risking my life for the sake of the company and the continuation of the business .

But the situation going more and more I must stop here and I ask your help to nominate any other person from Lafarge to communicate with this supplier as I could not continue risking my life by communicating with them

If you would like any other further information I'm ready to contact you via Skype whenever you would like

Thanks for your understating and advice

Best regards
